

As the Windows User - Updating the Settings on the Citizens Receipt Printer

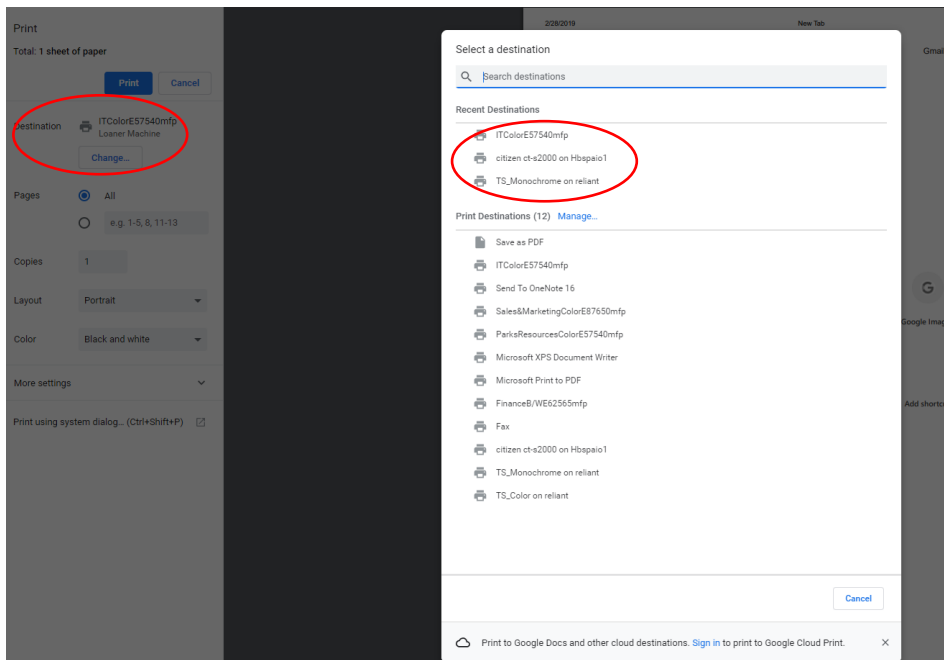

- Open Google Chrome
- Click on the 3 dots on the right side of the screen
- A drop down box will appear, click on Print (about half way down)

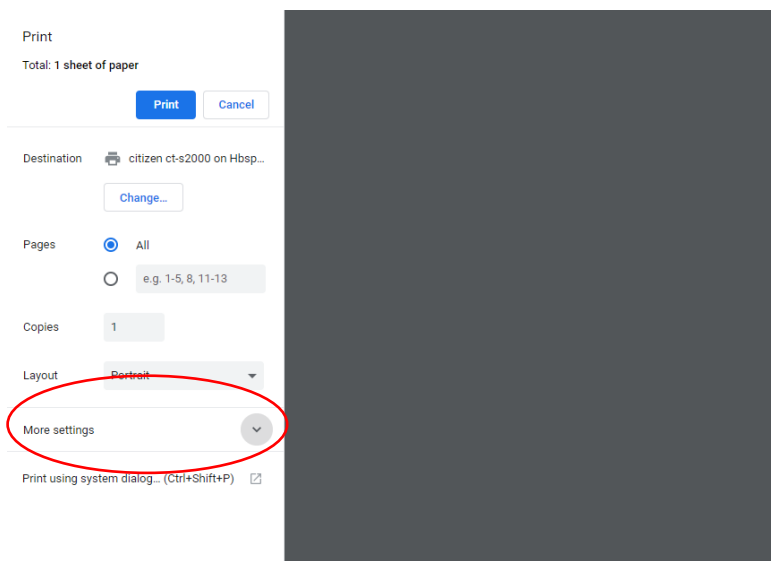

- A print box will open on the left side of the screen
- Look next to the word "Destination". The default printer displays.
- It should indicate Citizen CT-S2000.

- If it is not Citizen CT-S2000, you will want to make it the default printer.
 - Click on “Change” under the destination printer.
 - Choose the Citizen CT-S2000 printer

- Once the Citizen Printer displays, you need to update the remainder of the printer settings.
- Click the down arrowhead next to More Settings.

- Ensure the selections on your screen match the selections noted below exactly. If they do not, the receipts will print lots of extra paper and the print quality will be poor.
